

Denise Scott

"I attended my first art class five years ago, and instantly was hooked. I began with watercolours and adore that medium even though it has been an extreme task master.

My works include detailed realism to exciting loose 'thrown on' backgrounds – a technique I learned during summer school in Toowoomba. Now I have ventured into acrylics and am enjoying its freedom immensely though it is easy to see my watercolour background.

I have exhibited and sold my paintings throughout the Gold Coast and was delighted to be selected as a finalist, and sell, my painting 'Forest floor' at the 2007 Tweed Naturally Art Awards.

Whilst continuing to work fulltime in my own business, every spare moment is spent learning and experimenting with all things 'art'.
